All Women Should Read of Mrs. Williams Harrowing Experience, and Profit Thereby.

McMinnville, Tenn.—"I can truthfully say that Cardui has helped me most wonderfully," writes Mrs. George Williams of this place.

"I was in a terrible fix, and I do believe I would have been dead by now had it not been for your medicine.

I had an awful bad spell with my back, also other symptoms of womanly trouble, and I came near dying.

The doctors wanted to operate, but I had fully made up my mind to give Cardui a fair trial before resorting to an operation, and I am so thankful that I did, for I am so much better since taking Cardui, the woman's tonic.

I have gained 12 pounds, enjoy my meals thoroughly, and don't have that tired feeling any more.

I can also rest good at night, am not always aching, and can take a long walk every day, and really enjoy it.

I shall never be without Cardui as long as I have a dollar, for I think it is the greatest medicine on earth for suffering women."

If you are a woman, and suffer from any of the ailments so common to your sex, we urge you to try Cardui, the woman's tonic.

It has helped a million others—why not you?

## BOARD INCREASES LEVY FOR SCHOOLS

Several New Buildings Will Be Erected—Bridges in Bad Condition.

(Special to The Times-Dispatch.)

Arvonla, Va., April 7.—At a meeting of the county Board of Supervisors at Buckingham Courthouse last week the school levy was increased from 30 to 40 cents upon the \$100 of property.

This increase has been asked for each year by the division superintendent and the county school board for the past three years. This time the request was granted, but with the restriction that this increase be used only for the pay of teachers in the county.

The school board, however, has asked for district purposes. The net amount of taxes in the county will not be increased by this action of the supervisors, as the amount of 10 cents upon the \$100 was transferred from the general county to the school fund. The district clerks of the county have assured the supervisors that this will enable them to run all the schools upon an average of a month longer each session.

Provisions are now making for the election of teachers for the next session and the erection of new buildings. A handsome, model one-room schoolhouse will be erected at Hanes' Chapel early in the summer. It will be a two-story building, 20 by 40 feet, with four miles south of the school at Concord graded school, in Francisco district, which was burned last year, will be rebuilt, as the insurance fully covers all losses. This will be a model two-room building, containing all the latest devices for ventilation, heating and teaching.

The apportionment of the high and graded school funds for Buckingham county has just been received by the division superintendent. It is as follows: Buckingham High School, \$350; St. Andrew's, \$200; Dillwyn, \$200; Arvonla, \$200. The Curranville and Enonville graded schools got \$100 each, making a total for the county of \$1,200.

The bridges of the county are still in bad condition, owing to the disastrous floods of several weeks ago. The well-known Bumpass bridge, two miles west of Arvonla, across the State River, is still down, the structure having been washed a half-mile down the river. Other bridges in various parts of the county are in equally distressing condition.

Work has been progressing for the past three weeks upon the Virginia and the McKenna mill dams, both of which are broken by the floods. In each case much expense was entailed upon the owners.

Throughout last week farmers in this section have been unusually busy with their spring plowing. Up to this time nothing had been done in the way of farm work in the unusually large crop of corn will be planted in the spring, though tobacco farmers are not favorably disposed towards planting much of a crop of the weed. The low prices throughout the spring discouraged many tobacco growers.

Throughout the section farmers are diversifying their crops, many attempting alfalfa and other new crops. The long, hard winter has served to kill out or greatly injure many of the experimental tracts of alfalfa, and it is a great source of regret to those backing the clubs that such is the case.

The Arvonla Inn narrowly escaped destruction by fire on Friday night. At midnight a party of young people discovered that large piles of leaves which had during the winter blown in from the nearby woods were being burned under the eastern porch. All the guests were aroused while the fire-fighting was in progress. In seeking to discover the origin of the fire it was learned that a negro porter sleeping in the attic of the building had himself caught afire from a cigarette and had thrown his burning shirt out of an upper window into the piles of leaves. No damage was done to the building.

A. and M. News Notes.

(Special to The Times-Dispatch.)

West Raleigh, N. C., April 7.—President D. H. Hill has been in Nashville, Tenn., for the past several days, attending the meeting of the Southern Educational Conference.

The last "Student Night," of which there have been four, was held in Edenton Street Methodist Church last Sunday night, President Poter, of Furman University, of South Carolina, being the speaker.

Dr. Hill has accepted an invitation to deliver the commencement address at the closing exercises of the Merry Oaks High School, of Merry Oaks, N. C., on April 26.

Rapid progress is being made on the new buildings now in course of construction on the campus, these being the new mess hall, the annual band building and the Young Men's Christian Association building, the latter being well under way. The laying of the cornerstones of the Young Men's Christian Association building will be held on April 16, with Masonic ceremonies.

In the southwest corner of the athletic field two handball courts are being erected by the Athletic Association for the use of the students. While not in the list of intercollegiate contests, this game is generally recognized as of immense value to the man who wants to keep physically fit and as one of the best of the light games in which agility can be gained.

Accepts Call to East Aurora, N. Y. (Special to The Times-Dispatch.)

Heathsville, Va., April 7.—Rev. Lewis Carter Harrison, for some time rector of St. Stephen's Parish, this county, but for the past year assistant at Trinity Church, Buffalo, N. Y., has accepted the call to the Episcopal Church in East Aurora, N. Y., and will shortly leave Buffalo to assume his pastoral duties.

## MUST NOT BE MIXED IN DIVORCE AFFAIRS

King George Resolves to Cashier Officers of Army and Navy.

BY LA MARQUISE DE FONTENAY.

King George, according to cable dispatches from London, has resolved to cashier officers of the army and of the navy—presumably also of the civil service—who are guilty of any crime or misdemeanor in connection with their duties.

It is perfectly well known that both the British monarch and his consort are strongly in favor of some such step: for last summer they dismissed from the post of lord in waiting, Lord Hamilton of Dalzell, for no other reason than that he had been convicted of the coronation ceremonies, with adultery and skill, fulfilled the duties of lord in waiting, and in place of Earl Spencer, who was (it was undoubtedly) chosen for the office of lord chamberlain the other day when Lord Spencer was obliged by the condition of his health to resign the post.

It is a well-known fact that men who become involved in divorce cases, either as guilty respondents or as plaintiffs, are by order of the King, blacklisted so far as their names are removed from the lists of those admissible to state functions, court ceremonial, though divorce cases are present.

Admitting the cable reports to be true, the government has a perfect right to cashier any officer of the army, of the navy or of the civil service for any reason that he may see fit. The monarch need not even give a reason. All that is necessary for him to do is to cause an intimation to be dispatched to the offending officer that he is cashiered.

The King, however, though his officers are removed from the lists of those admissible to state functions, court ceremonial, though divorce cases are present.

**BURNED TO DEATH.**

Bernice Parrish Loses Life in Fire at Her Boarding House.

(Special to The Times-Dispatch.)

Durham, N. C., April 7.—Bernice Parrish was burned to death in the high boarding house in this city between 2 and 3 o'clock yesterday morning, and the house was damaged to the extent of several hundred dollars. The fire was discovered shortly after 2 o'clock by Policeman Jake Woodall, who turned in the alarm and rushed to the house to arouse the inmates.

Mr. Malone, who was rooming on the second floor next to the room in which the fire originated, was awakened about the same time and dashed through the building, knocking on the doors with a chair to arouse the sleepers. Mr. Hicks, whose room was already in a blaze, was awakened just in time to escape with his life. All the boarders escaped except B. B. Parrish, and his body was found lying across the bed, burned almost to a crisp.

As soon as the flames had been quenched the charred remains of Parrish were found on the remnants of his bed. The flesh had been burned off of portions of the body, leaving the bones of an arm and leg exposed. The room and its furnishings were practically destroyed by the flames, and were in much worse condition than any other portion of the building, showing that the fire had started there.

The roof of the rear portion of the house and the second floor were practically destroyed, while the roof of the front part was badly burned. The damage on the first floor was due mostly to water. The house was owned by R. H. Riggsbee, and the furniture belonged to Mrs. S. J. High, who conducted the boarding house. The loss is estimated at several thousand dollars.
